## Severe Weather Outlook Saturday, May 09, 2020

National Weather Service  
Storm Prediction Center

<http://www.spc.noaa.gov>

# Hazardous Weather

A Flash Flood Watch remains in effect for all of Deep South Texas and the RGV from through Saturday evening. Area residents should expect showers and thunderstorms to redevelop later today. Additional rainfall amounts through Saturday evening across Deep South Texas will range from 1 to 3 inches with isolated areas receiving an additional 3 to 4 inches of rain today. Low-lying and poorly-draining areas as well as urban locations could see flooding on roads and streets.
